§106. Charges for motor vehicle repair estimate; requirement of waiver of rights prohibited.

- (1) No motor vehicle repair shop shall charge for making a repair price estimate unless, prior to making the price estimate, the shop:
 - (a) Discloses to the customer the amount of the charge or, if the amount cannot be determined, the basis on which the charge will be calculated; and

1 (b) Obtains authorization on the written repair estimate, in
2 accordance with Section 105, to prepare an estimate. No motor
3 vehicle repair shop shall impose or threaten to impose any such
4 charge which is clearly excessive in relation to the work
5 involved in making the price estimate.

6 (2) It shall be unlawful for any motor vehicle repair shop to require that
7 any person waive her or his rights provided in this part as a
8 precondition to the repair of her or his vehicle by the shop.

9 **§107. Notification of charges in excess of repair estimate; unlawful**
10 **charges; refusal to return vehicle prohibited; inspection of parts.**

11 (1) In the event that:

12 (a) The written repair estimate contains only an estimate for
13 diagnostic work necessary to estimate the cost of repair and
14 such diagnostic work has been completed;

15 (b) A determination is made by a motor vehicle repair shop that the
16 actual charges for the repair work will exceed the written
17 estimate by more than \$10 or 10 percent, whichever is greater,
18 but not to exceed \$50; or

19 (c) An implied partial waiver exists for diagnostic work, as
20 described in Section 105(2), and such diagnostic work has been
21 completed,

22 the customer shall be promptly notified by telephone, telegraph,
23 mail, or other means of the additional repair work and estimated cost
24 thereof. A customer so notified shall, orally or in writing, authorize,
25 modify, or cancel the order for repair.

26 (2) If a customer cancels the order for repair after being advised that a
27 repair which she or he has authorized cannot be accomplished within
28 the previously authorized estimate, the shop shall expeditiously
29 reassemble the motor vehicle in a condition reasonably similar to the
30 condition in which it was received unless:

31 (a) The customer waives reassembly, or

32 (b) The reassembled vehicle would be unsafe,

33 After cancellation of the repair order, the shop may charge for the
34 cost of teardown, the cost of parts and labor to replace items that

1 were destroyed by teardown, and the cost to reassemble the
2 component or the vehicle, provided the customer was notified of
3 these possible costs in the estimate prior to commencement of the
4 diagnostic work.

- 5 (3) It shall be unlawful for a motor vehicle repair shop to charge more
6 than the written estimate plus \$10 or 10 percent, whichever is greater,
7 but not to exceed \$50, unless the motor vehicle repair shop has
8 obtained authorization to exceed the written estimate in accordance
9 with subsection (1).
- 10 (4) It shall be unlawful for any motor vehicle repair shop to fail to return
11 any customer's motor vehicle because the customer has refused to
12 pay for unauthorized repairs or because the customer has refused to
13 pay for repair charges in excess of the final estimate in violation of
14 this section.
- 15 (5) Upon request made at the time the repair work is authorized by the
16 customer, the customer is entitled to inspect parts removed from her
17 or his vehicle or, if the shop has no warranty arrangement or
18 exchange parts program with a manufacturer, supplier, or
19 distributor, have them returned to her or him.

20 **§108. Invoice required of motor vehicle repair shop.**

21 The motor vehicle repair shop shall provide each customer, upon
22 completion of any repair, with a legible copy of an invoice for such repair.
23 The invoice may be provided on the same form as the written repair
24 estimate and shall include the following information:

- 25 (1) The current date and odometer reading of the motor vehicle.
- 26 (2) A statement indicating what was done to correct the problem or a
27 description of the service provided.
- 28 (3) An itemized description of all labor, parts, and merchandise supplied
29 and the costs thereof, indicating what is supplied to the customer
30 without cost or at a reduced cost because of a shop or manufacturer's
31 warranty.
- 32 (4) A statement identifying any replacement part as being used, rebuilt,
33 or reconditioned, as the case may be.

- 1 (5) A statement indicating what, if anything, is guaranteed in connection
2 with the repair work and the time and mileage period for which the
3 guarantee is effective.
- 4 (6) The registration number from the certificate issued by the department
5 pursuant to this part.

6 **§109. Motor vehicle repair shop records.**

- 7 (1) Each motor vehicle repair shop shall maintain repair records which
8 shall include written repair estimates and repair invoices. A customer's
9 records shall be available to the customer for inspection and copying
10 for a period of at least 12 months. A reasonable charge may be made
11 for copying if copying facilities are available. The customer may not
12 remove such original records from the premises.
- 13 (2) Motor vehicle repair shops shall allow Public Works Inspector or
14 Finance Officer to inspect or copy these records during regular
15 business hours.

16 **§110. Effective date.**

17 This Act shall take effect in accordance with the Constitution and the Rules
18 of Procedures for the Nitijela.

BILL SUMMARY

This Bill proposes to amend Chapter 13 of the MIRC in order to enact law to regulate the cost of repairing motor vehicles.

It has been an issue that costs relating to repair of vehicles by the vehicle repair shops or garages are costly without justifying the costs for the repair and associate costs.

The Bill ensures that all maintenances, modifications or repairs to motor vehicles, and or diagnostic, including, but not limited to, the rebuilding or restoring of rebuilt vehicles, body work, painting, warranty work, and other work customarily undertaken by motor vehicle repair shops must repair estimate and disclosure statement by the customer and all charges of vehicle repair must be done by authorization on the written repair estimate so that customer is fully aware of the costs of repair and associate costs to repair.
